

Dear Neighbors,

Attached are a number of maps and other information to help you be aware of the road and other improvements recently completed, currently planned or in process in our area of Polk County. Below is a quick recap of what each file represents:

Four Corners Moving Forward; is a recap of the improvements to our area including parks, libraries, public safety and utilities

NEPolkMap; is a drawing of all of the road improvements planned for our area over the next decade or so. The red roads are the ones which are currently under construction. You will see that we will soon be able to reach County Road 54 without having to use I-4 when the construction is complete.

ECBFinal RoadwayPlansSH8; (Ernie Caldwell Boulevard) shows the roads under construction on the west side of US 27 connecting ECB with Deer Creek Blvd to the south.

NEPolkTransCIP052011; this is a table showing the current projects in our area along with their status and estimated completion.

Regards,

Paul Helmstetter
